	Program	**Certificate In Art & Design**
	Course / Module	**DES 1002 – BASIC DESIGN PRINCIPLES**
	Year / Sem. / Session	Year 1 Sem. 1 & 2 (APR25)
	Lecturer	Ting Yu Ling
	Assignment Title	Final Project – movie poster
	Brief Date	Week 11
	Due Date	Week 14

Objective/Aim of the Assignment:

- Introduce students to one of the basic design principles.
- Understand how design elements and design principles work together to create a unified visual piece.
- Students will explore, investigate and experiment with both design principles and design elements.

The Brief:

In this assignment, you are required to design one IG movie poster with **graphic style**.

The poster should include the essential elements of this movie in graphic style, with only 2 colours. However you are allowed to <u>use different value of these 2 colour, plus black & white.</u>

Content requirement:

1. Movie title
2. Movie production details

The poster design should apply the basic design principles including

1. Balance
2. Contrast
3. Emphasis
4. Movement
5. Pattern
6. Rhythm
7. Unity

Method of Work:

1. Identify one of your favor movies, research and identify the key elements (reference photos) needed to visualize your message.
2. Select and develop the reference photos to graphic style with sketches.

3. Sketch the poster design thumbnail.
4. Digitalize the selected design with Adobe Illustrator.

Submission Requirements:

Online submission –

Format: JPG File size: no more than 10MB

Assessment Criteria:

- Research & Analysis 20%
- Design Development 20%
- Media Application 20%
- Visual Quality 20%
- Design statement & Presentation 20%
